

## *Welcome To George Family Dentistry!*

On behalf of Dr. George and our staff, we welcome you to our office. We are pleased that you have selected us to care for your dental needs and we look forward to meeting you.

We want you to know that we are committed to providing you with the highest quality of oral health care in the most gentle, efficient, and enthusiastic manner possible. We pride ourselves on making dentistry a pleasant experience for you while providing you with the best dental treatment possible.

During your first visit, one of our wonderful dental hygienists, Misty or Sheri, will take the necessary x-rays and perform a complete cleaning (if possible). Then, Dr. George will do a complete examination, review your x-rays and make an assessment of your oral condition. Your first appointment will take approximately 60 minutes.

If it is discovered that you need any dental treatment, a treatment plan and estimate will be prepared for you prior to beginning any procedures. You will have the chance to review the recommended treatment and ask questions.

If you have dental insurance, please bring your insurance card with you and we will provide you with a complimentary benefits analysis and assist in filing your claim.

We appreciate the value of your time, and except in emergency situations, you can expect us to be on time for you. We do ask that if something were to arise that would keep you from your scheduled appointment time that you give our office at least a 48 hour notice to allow us to schedule your reserved time to another patient in need.

Enclosed you will find our new patient forms. Please fill them out and bring them to your appointment along with a list of any medications you take.

We look forward to seeing you smile!

Dr. George and Staff
